

GPSED APPRENTICESHIP GROWTH MODEL

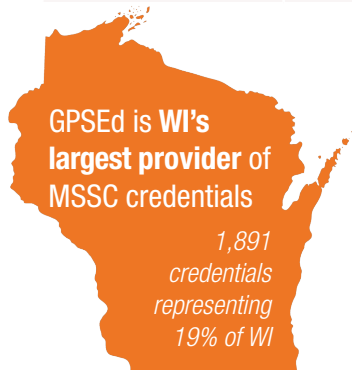

The apprenticeship growth model provides a structured and comprehensive path to success for the student learner. Through their engagement and realization of key performance indicators in the GPS Education Partners program, students progress through increasing levels of responsibility and rewards enabling them to develop a plan, a purpose, and the self-confidence to succeed in technical careers in manufacturing and post-secondary education.

2014–2019 GPSED TESTING SUMMARY FROM MANUFACTURING SKILL STANDARDS COUNCIL

Testing Results: Pass rates for MSSC Certified Production Technician (CPT)
